Testimonials

We provide services through the following means:

- Remote Access
- Per diem
- Outsource
- Interim

"The Children's Aid Society's Health and Wellness Division has been receiving services from QualCode for over five years. QualCode has provided valuable feedback related to the best practices on health records maintenance and visit claims. The staff of the company is always available for consultation and technical assistance and they are quick to respond to our needs. The quality of the services delivered by QualCode is always excellent and for this reasons I would highly recommend QualCode services."

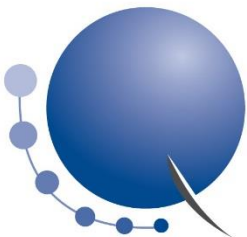

— JH, Deputy Director, Programs & Business Development, The Children's Aid Society

"QualCode provides consistent professional services with knowledgeable coders. QualCode's Administrative staff are well organized and professional."

— TS, Director, Health Information Management, Nassau University Medical Center

"QualCode has been an enormous help to our company during our transition into the coding arena. They provide ongoing coding education and training for our employees in both group and one-on-one settings, audit reporting to ensure accuracy, ensure we are up to date on industry standards and make sure we stay updated on the progress of our staff as they continue their coding education. They are true professionals, helpful and dedicated, and we would strongly recommend their services."

— Executive Management, Network Recovery Services, Inc.
